

Welcome to a place you can call home

At Maunalani Nursing and Rehabilitation Center, our philosophy is simple: We know that no one wants to go to a nursing home, so we must not be one. This may sound like a paradox, but it really isn't. Our goal is to be unique in the most positive ways.

*Maunalani...
Climbing the
heights for you!*

Many exciting transformations are taking place in the best of American nursing homes, and Maunalani is evolving with the leaders. What makes Maunalani unique is a combination of where we are, who we are and what we believe.

The Maunalani Experience

When you come to Maunalani, you are home. There is a strong sense of community and belonging. Love and laughter, serenity and security, comfort and choice. All of us at Maunalani embrace each and every resident and family as our own.

Our facility is warm and pleasant. Our rooms have large windows with breathtaking views of the mountains, valleys, ocean and skyline of the city of Honolulu.

that is very much appreciated."

Lush greenery, panoramic views, and refreshing ocean breezes surround us. Spacious lanais provide sweeping views of Diamond Head, Waikiki, the city of Honolulu, and the island shoreline. The dining rooms feature floor-to-ceiling picture windows opening onto views of Palolo Valley and downtown Honolulu.

Maunalani's home atmosphere welcomes residents into social gathering places such as our spacious living room with its warm wood trim and Hawaiian etched-glass window art.

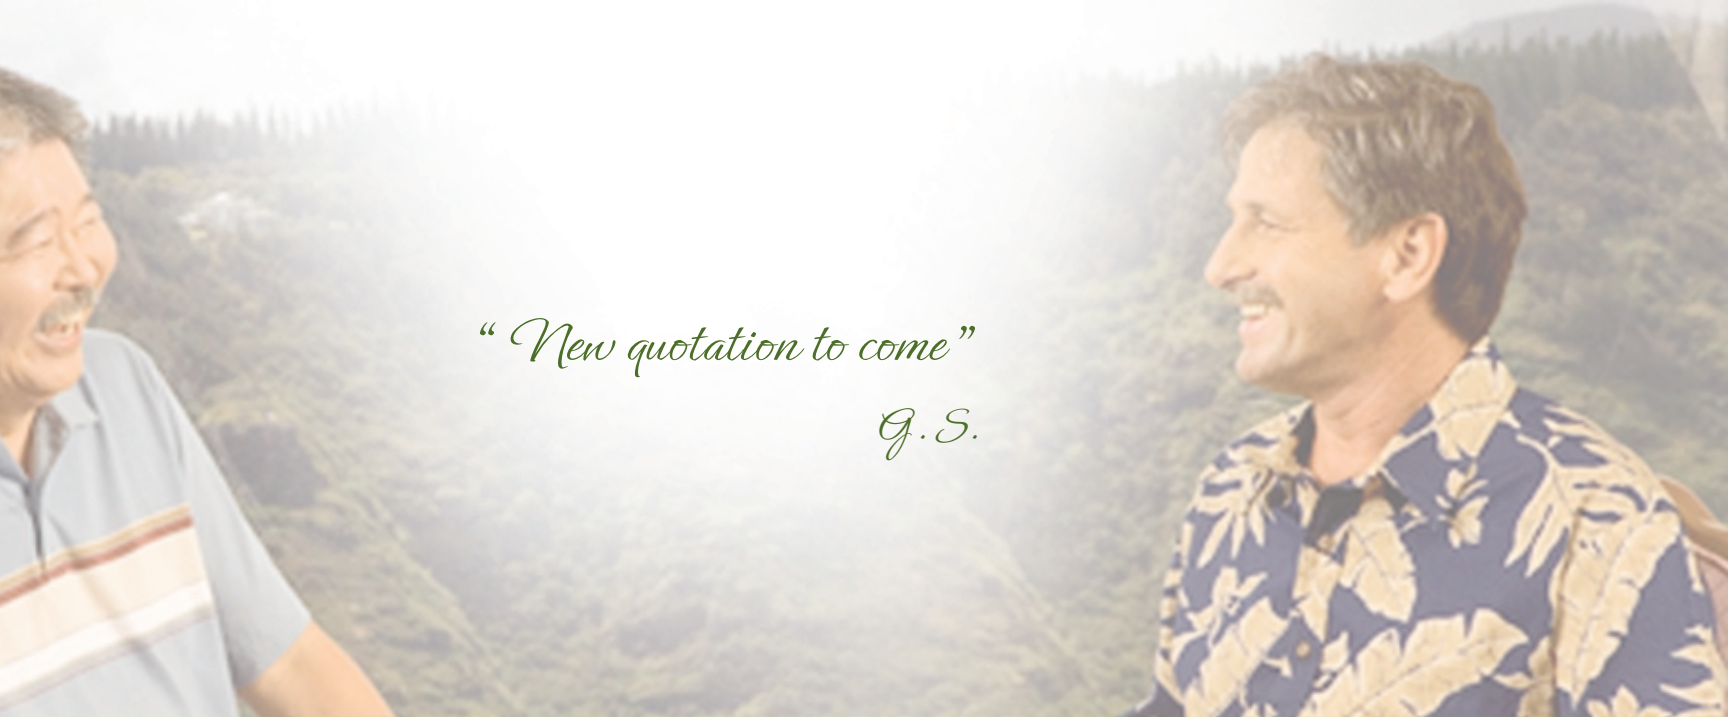

Home Away From Home

Staying active and connected is vital to health, well-being and quality of life. At Maunalani, we encourage our residents to help plan and participate in activities that are meaningful to them, whether therapeutic or recreational, in-house or out in the community.
