

HIT THE GROUND RUNNING

The Hogan Entrepreneurial Program is designed to equip students to hit the ground running when they leave Chaminade. It offers exposure to the life of the entrepreneur, while providing the tools essential to starting new ventures. Hogan Entrepreneurs are enthusiastic, creative, and service-oriented people who will add value wherever they may go.

DIRECTOR'S NOTE

Funded by generous contributions from The Hogan Family Foundation, this is a practical program that provides in-depth learning through contact with Hawaii's entrepreneurs. The small class size is designed to provide careful nurturing. We aim to prepare students to start and do new things—wherever their careers may lead them.

—John Webster

Doing BUSINESS THINGS that make SOCIAL SENSE. Doing SOCIAL THINGS that make BUSINESS SENSE.
